

Each spring, we are required to share information with our fourth and fifth grade students regarding changes in human development related to puberty. These videos go through an extensive in-district review process to make sure the material is appropriate for the developmental age of the students and meet the state standards for our health curriculum.

The videos will be shown on Thursday, April 1. The students will be grouped as follows:

GRADE 4

- Fourth grade boys will [view this video](#) with male teachers, allowing time for Q & A following the viewing.
- Fourth grade girls will [view this video](#) female teachers, allowing time for Q & A following the viewing. Feel free to preview these at home prior to the April 1 school viewing.

GRADE 5

- Fifth grade boys will view a video with male teachers, allowing time for Q & A following the viewing. *These are not online. If you would like to preview these, arrange a time with Amy Hoekstra to set up a time to watch these at school on March 15-19, between the hours of 9-3. Email contact for Mrs. Hoekstra: ahoekst2@hpseagles.net*
- Fifth grade girls will view a video with female teachers, allowing time for Q & A following the viewing. *These are not online. If you would like to preview these, arrange a time with Amy Hoekstra to set up a time to watch these at school on March 15-19, between the hours of 9-3. The videos will be shown on April 1 with a discussion following.

- *If you DO NOT want your child to view the video with the grade level gender group, please contact me via email. Please arrange to pick your child up prior to the 1:45 (4th) or 2:30 (5th) video showing.*
- *If you DO NOT want your child to watch the video and you cannot pick your child up, I will have your child sit in the office for this period.*
- *Again, please email me if you DO NOT want your child to watch the video.*
